Terms and Conditions of Service

(11) The Company at its own cost and expense, shall provide, make and keep in repair all feeder mains, connections, meter vaults, receiving tank or tanks, booster or other pumps and slow-acting valves, or other appliances deemed necessary by the Commissioner of Water and Sewers of the City at the points of connection herein designated. If at any time the meter or meters or meter housing, which are also to be provided by the Company, shall prove unsatisfactory to said Commissioner of Water and Sewers, or be out of repair, they shall be replaced or repaired by the City and the cost and expense of such replacement or repairs shall be charged to and paid by the Company.

(12) The Company shall provide, install, maintain and operate at its own cost and expense and at such locations as shall be designated by the Commissioner of Water and Sewers of the City, the following:

> A shut-off gate or gates, reservoir or reservoirs of sufficient capacity to store not less than the maximum day's supply of water; receiving tank or tanks, booster or other pumps, slow-acting valves and such other appliances or devices as may be required by said Commissioner of Water and Sewers for the purpose of increasing, decreasing, and otherwise controlling the water supply furnished and taken hereunder, said equipment and appliances to be of such type, size and design as shall be satisfactory to and approved by said Commissioner of Water and Sewers, and the entire installation thereof shall be under the direction of and performed in a manner satisfactory to and approved by said Commissioner of Water and Sewers. The Company agrees to maintain and operate said reservoir or reservoirs of such capacity that water will be drawn from the City's mains at a substantial uniform rate of flow, as hereinafter provided during the period of this contract.

(13) The water supply furnished and taken hereunder shall be drawn by the Company at a substantial uniform rate of flow throughout twenty-four (24) hours of each day of the year.

It is hereby agreed that the Commissioner of Water and Sewers of the City and his authorized representatives shall have access to and the right to adjust and control valves and meters in order to limit the flow of water as herein provided and for the purpose of meeting any and all emergencies and necessitous requirements.

(14) The Company agrees to comply with any and all sanitary regulations of the City and the present and future rules, regulations and instructions of the Department of Water and Sewers of the City applicable to cross-connections and dual water supplies as are in force in the Chicago Water System. The Company further agrees that the duly authorized engineers and inspectors of the City, in collaboration with the representatives of the Company, shall be allowed to make inspections and require tests for tightness of the piping of the water works installations, and of all plants or other buildings receiving water hereunder and the Company further agrees to make such changes in its piping and to eliminate such cross-connection or other connections as in the judgment of the Commissioner of Water and Sewers of the City are necessary. The failure, neglect or refusal on the part of the Company to make promptly and properly such changes in its piping, to maintain tightness or to eliminate undesirable connections upon notice in writing so to do from said Commissioner of Water and Sewers, shall furnish sufficient grounds for the City to shut off the water and discontinue the service hereunder until changes and corrections in said piping or connections required by the City are made by the Company.

(15) The Company agrees to prevent excessive use and waste of water.

(16) The Company agrees to appropriate annually sufficient money or so much thereof, as may be necessary to provide sufficient funds for the water furnished by the City hereunder. The Company further agrees that it will at all times charge its water consumers sufficient rates in order to provide adequate funds for the payment of water furnished it by the City.

(17) It is further agreed that the City may either in law or equity, by suit, mandamus or other proceedings, enforce or compel performance of any and all covenants herein contained.

(18) In order to safeguard its water supply received hereunder and the City's water supply, the Company hereby agrees to maintain a safe water supply throughout its system and to provide, maintain and operate at all times during the period of this contract, chlorinating equipment or other equally effective health protecting process equipment of such kind and capacity that a proper chlorine residual or similarly effective result may be carried throughout its water supply system. All proposed water works improvements, which must be approved by the Commissioner of Water and Sewers of the City, shall be disinfected in accordance with the requirements of the Department of Water and Sewers of the City; said water works improvements shall not be placed into service until approved as to sanitary quality.

(19) The City may adopt any protective or health measures it deems advisable or desirable for the benefit of its water consumers, such as the fluoridation of its water, in any manner that the Commissioner of Water and Sewers of the City shall see fit.

(20) The Company agrees to notify the Commissioner of Water and Sewers of the City as promptly as possible of all emergency and other conditions which may directly or indirectly affect the quality of the water received hereunder and the City's water supply and further agrees that the duly authorized engineers and inspectors of the City shall be allowed to make inspections and required tests of the quality of the water supply as received hereunder, as well as the quality of the water within the Company distribution system.

(21) The Company agrees not to resell or permit any water furnished hereunder to be used to supply any other municipality or any consumer of water located or residing outside its Hawthorne Yard, Glenn Yard and Markham Yard properties, except as provided for herein, unless it is specifically authorized so to do by the City Council of the City.

(22) The Company agrees to use City water exclusively during the period of this contract.

(23) The Company further agrees not to sell, lease or give any interest in or right or privilege to utilize its water supply main or mains to any other municipality or any consumer of water whose premises are located outside its Hawthorne Yard, Glenn Yard and Markham Yard properties, and further agrees not to permit any connection to be made to its water supply main or mains, except to supply the consumers provided for herein, without first securing the consent in writing of the City Council of the City so to do.

(24) At the end of each calendar year during the term of this contract, the Company agrees to submit to the Commissioner of Water and Sewers of the City a report in writing showing the amount of water furnished and charges billed to the Village of East Hazel Crest during the preceding year and a list of all other consumers located outside the Company's properties showing name, location, character of occupancy and amount of water furnished during the same period.

(25) The Company agrees to furnish such other information regarding the distribution of water and billing as may be requested from time to time by the Commissioner of Water and Sewers of the City.

(26) To secure prompt payment of the water bills, the City shall have the right at any time to require the Company to pay in advance a sum of money estimated by the Commissioner of Water and Sewers of the City to be equal to the cost of water required by the Company, for a period of ninety (90) days at the then prevailing metered rate, which said advance payment the Company hereby agrees to make upon demand.

(27) The City shall not be responsible in damages for any failure to supply water or for interruption of the water furnished hereunder. The Company agrees to save and keep harmless the City from all damage to real and personal property occasioned or caused by the making of the water connection or connections herein referred to or caused by the furnishing of water hereunder, and shall also save and keep harmless the City from all damage of any kind, nature and description which may arise as the result of the making of this agreement.

(28) The City reserves the right to its Commissioner of Water and Sewers to decide all questions arising as to the proper performance of this contract.

(29) In furtherance and not in limitation of this contract, it is mutually agreed that all rights of the City and the Company under the water supply contract No. 33706 between the City of Chicago and the Gulf, Mobile and Ohio Railroad Company, dated August 13, 1970, and under the water supply contract No. 33437 between the City of Chicago and the Illinois Central Railroad Company, dated March 1, 1971, and all rights of either party arising from the delivery or water prior to the date of execution of this agreement are extinguished, except for the express reservation of the right to the City to obtain for or to enforce collection of any unpaid water charges accruing prior to the date of execution of this agreement.

(30) If the Company shall refuse, neglect or fail to pay promptly the water bills rendered for the water supplied it hereunder within the time or times prescribed by the Ordinance of the City, or if the Company shall fail to comply with or perform any of the conditions or obligations on their part to be complied with or to be performed hereunder, and if after such failure the City shall deliver a notice in writing of its intention to shut off the supply of water on account of such failure, refusal or neglect, then the City shall have the right to shut off the supply at the expiration of five (5) days after the giving of such notice, and to terminate this contract unless within such five (5) days the Company shall make good such failure. The shutting off of the supply of water for any such cause shall not release the Company from its obligation to make payments of any amount or amounts due or to become due in accordance with the terms thereof.

(31) No assignment or transfer of this agreement shall be made by the Company.

(32) No officer, official or agent of the City has the power to amend, modify or alter this agreement or waive any of its conditions or to bind the City by making any promise or representation not contained herein.

(33) This agreement is subject to cancellation by the City of Chicago in the event the Supreme Court of the United States of America or any other court of competent jurisdiction decrees that the City has no right to contract for, sell, disperse, or distribute water or limits the amount of water the City may use for domestic pumpage or otherwise places a burden on the City in connection with the withdrawal of water from Lake Michigan or the disposal of water from Lake Michigan to any municipality or user residing outside of the limits of the City of Chicago.

(34) The authority of the officials of the City to execute this agreement is evidenced by the authority of the City Council of the City of Chicago given on the .... day of ...., A.D., 19........, and published in the Journal of Proceedings of the City Council for said date on pages .... thereof.

(35) The authority of the officials of the Company to execute this agreement is evidenced by the certified extract from the by-laws of the Company now in force and effect, signed and sealed on the .... day of ...., A.D., 19........

(36) In Witness Whereof, the City of Chicago has caused this agreement to be signed in quintuple originals (each signed copy constituting an original) by its Mayor and its Commissioner of Water and Sewers, accepted by its Comptroller and its Corporate Seal to be hereto affixed and duly attested by its Clerk, and the Company has caused the same to be signed in quintuple originals (each signed copy constituting an original) by its Vice-President/Chief Engineers and its Corporate Seal to be hereto affixed, duly attested by its Clerk on the day and year first above written.

SECTION 2. The grantee agrees to pay to the City of Chicago as compensation for the privilege herein granted the sum of One Thousand Twenty-seven and 20/100 dollars ($1,027.20) per annum, in advance, the first payment to be due as of June 29, 1974, and each succeeding payment on the same day and month annually thereafter. WHEREAS, The City of Chicago (the "City") intends to foster the redevelopment for residential housing of certain land south of its central business district in accordance with the findings of the Comprehensive Plan of Chicago; and

WHEREAS, Chicago 21 Corporation, a limited dividend corporation organized by leading business institutions for the purpose of aiding in the development of such area for housing, has been offered an option to purchase a tract of land in this area bounded generally by Clark, Polk, State, and 15th Streets (the "Site"); and

WHEREAS, Chicago 21 Corporation has proposed to assign this option to the City and to give financial support to the redevelopment of the land for residential purposes; now, therefore,

Be It Resolved by the City Council of the City of Chicago:

SECTION 1. *Issuance of Bonds and Acquisition of Site.* The City will take the necessary action to issue and sell its Residential Development Revenue Bonds for the purpose of paying its costs of acquiring title to and clearing the Site in an aggregate amount presently estimated as not to exceed $...................... (the "Bonds"). The Bonds will be payable solely from rentals and other revenues to be derived from the leasing or sale of the Site and shall not constitute an indebtedness of the City. No tax monies shall be pledged to the paying of principal, premium, if any, or interest on the Bonds. The Bonds shall mature within 40 years from their date and have such terms as shall be provided by subsequent ordinance of the City Council. The City shall accept the assignment from Chicago 21 Corporation of the option to the Site and, if the City issues and sells the Bonds, shall acquire title to the Site and will lease or sell the Site or a portion thereof to Chicago 21 Corporation (or such other developer selected by Chicago 21 Corporation and approved by the City) for use of development of residential housing for family units, including some efficiency units, (and for use for such other purposes functionally related and subordinate to residential housing). Such development shall remain subject to the approval of the City Council as a planned development under the City's Zoning Ordinance.

SECTION 2. *Requirements.* The issuance of the Bonds is conditioned upon the City being able to acquire good title to the Site; on the City being able to sell the Bonds on terms satisfactory to it; on all requirements of law in connection with the issuance of the Bonds being met; and on a lease or purchase agreement being entered into for the Site (or a portion of it) under which the lessee or purchaser shall pay to the City sums sufficient to pay the principal, interest and premium, if any, on the Bonds as the same become due and payable.

SECTION 3. *Official Action.* By this Resolution the City takes official action towards the issuance of the Bonds in satisfaction of any possible requirement of United States Treasury Regulation Section 1.103-8(a)(5).

SECTION 4. *Authorized Officers.* The Mayor and City Clerk are authorized and directed to take such actions as are necessary to carry out the plan of this Resolution, including executing an appropriate power of attorney to the Corporation Counsel of the City to make such application on behalf of the City for any needed revenue ruling from the United States Internal Revenue Service.

SECTION 5. *Effectiveness.* This Resolution shall take effect immediately upon its adoption.

"where a segment of the Interstate System was a designated part of such system on June 1, 1973, and is entirely within the boundaries of an incorporated city and such city enters into an agreement with the Secretary to pay all non-Federal costs of construction of such segment, such segment shall be constructed . . . "; and

Whereas, This provision was adopted to permit cities like the City of Chicago, in absence of action by the State, to finance the Crosstown Expressway as an Interstate highway as cited in House Conference Report No. 355, 93rd Congress, pp. 57-58 (July 27, 1973), 119 Daily Congressional Record S15345—S15348 (August 1, 1973), H7407—H7409 (August 3, 1973), H7411—H7415 (August 3, 1973); and

Whereas, The City of Chicago has recognized the need for a Crosstown route and has included such a route in the Comprehensive Superhighway System of the City; and

Whereas, All federal, state and local approvals have already been received to proceed with that portion of the Crosstown corridor south of the Stevenson Expressway to 67th Street; and

Whereas, The Federal Highway Administration has designated the Crosstown route as F.A.I. 494 on the National System of Interstate and Defense Highways prior to June 1, 1973; and

Whereas, The Federal Highway Administration has designated F.A.I. 494 as running "from a junction with F.A.I. 94 (Dan Ryan Expressway) northwesterly to a junction with F.A.I. 55 (Stevenson

Expressway) and thence northerly to a junction with F.A.I. 94 in the north part of Chicago (Kennedy Expressway)" which would permit F.A.I. 494 to be constructed within the City of Chicago; and

Whereas, The agreement with the Federal Highway Administration authorized under Section 103 (h), Title 23, United States Code, will impose certain financial obligations upon the City of Chicago, including provision for the local share to pay all non-Federal costs of construction of the project; and

Whereas, That same Section 103(h), Title 23, United States Code, requires that "when such city enters into an agreement with the Secretary to pay all non-Federal costs of construction of such segment then such segment shall be constructed"; and

Whereas, The administrative regulations implementing mandate that "upon agreement between a city and the Federal Highway Administrator with respect to payment of the non-Federal costs of construction, the State in which the Interstate segment is located shall . . . undertake construction in accordance with the provisions of Title 23 . . . "; and

Whereas, It is the intent of the City of Chicago to enter into such an agreement with the Federal Highway Administration, thus initiating action on construction of F.A.I. 494; and

Whereas, The Attorney General of the State of Illinois has stated "that the City of Chicago does have the legal authority under the Illinois Constitution and statutes to agree with the Federal government to fund the non-Federal share of the proposed Crosstown Expressway and to undertake the capital improvement required by that Expressway."; and

Whereas, Section 6 of Article VII of the 1970 Illinois Constitution in subparts (a) and (m) do confer on the City of Chicago as a home rule unit, the authority to fund the non-Federal share of the Crosstown Expressway as an exercise by the City of a home rule "power" or "function pertaining to its government and affairs"; and

Whereas, As an exercise of its home rule powers; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

Section 1. The Mayor of the City of Chicago is authorized to enter into an agreement with the Federal Highway Administrator for the financing of all costs of construction of F.A.I. 494 not paid by an agency or instrumentality of the United States, and that the City shall provide the funds at those times at which a State would be required to pay the non-Federal costs of a Federal-aid highway project, in accordance with the regulations and directives of the Federal Highway Administration.

Section 2. The Commissioner of Public Works is authorized and directed to furnish such additional information and assurances as the Federal Highway Administration may reasonably request, in connection with the City's request for construction of Interstate Segment F.A.I. 494.

Section 3. The City Clerk is hereby directed to transmit two certified copies of this Ordinance to the Illinois Department of Transportation of the State of Illinois, Springfield, Illinois, through the Division Transportation Engineer for this Region of the said Department of Transportation.

25.1-4. Nothing contained herein shall prohibit the Director of Personnel from giving any additional public notice that he may deem appropriate. The rules shall provide:

1) *For the preparation, maintenance and revision of a position classification plan for all positions in the career service, based upon similarity of duties performed and responsibilities assigned, so that the same qualifications may reasonably be required for and the same schedule of pay may equitably be applied to all positions in the same class.*

The Director may substitute rankings such as excellent, well-qualified and qualified for numerical ratings and establish eligible lists accordingly. Such rules may provide for lists by area or location, by department or other agency, for removal of those not available for or refusing employment, for minimum and maximum duration of such lists, and for such other provisions as may be necessary to provide rapid and satisfactory service to the operating agencies. The rules may authorize removal of eligibles from lists if those eligibles fail to furnish evidence of availability upon forms sent to them by the Director.*

7) *For probationary periods after original appointment not to exceed one year.*

8) *For emergency employment for not more than 90 days with the consent of the Director and for provisional employment when there is no appropriate eligible list available. No such provisional appointment shall continue longer than nine months, nor shall successive provisional appointments be allowed except during the first two years after the effective date of this ordinance.*

9) *For keeping records of performance of all employees in the career service, which performance records shall be considered in determining salary increments or increases for meritorious services; as a factor in promotions; as a factor in reinstatements; and as a factor in discharges and transfers.*

10) *For lay-offs by reason of lack of funds or work, or abolition of a position, or material change in duties or organization, and for reemployment of employees so laid off.*

11) *For establishment of a plan for resolving employee grievances and complaints.*

12) *For the establishment of disciplinary measures such as suspension, demotion in rank or grade, or discharge. Such measures shall*

provide for presentation of charges, hearing rights, and appeals for all permanent employees in the career service, consistent with the requirements of due process in law.

All proceedings before the Board, a member thereof, or the hearing officer shall be recorded. The findings and decision of a member of the Board or hearing officer shall be certified to the Personnel Board, which may accept or reject the findings and decision or may require further hearing before the Board. After the Board accepts the findings and decision of its member or hearing officer, or after a hearing by the Personnel Board, it shall certify the findings and decision to the Director of Personnel who shall then notify the appropriate appointing authority and said appointing authority shall then enforce the findings and decision forthwith. Nothing in this section limits the power of the appointing authority to suspend a subordinate for a reasonable period not exceeding thirty days pursuant to the rules of the Department of Personnel.

WHEREAS, The City of Chicago is a home rule unit within the meaning of the Illinois Constitution of 1970; and

WHEREAS, The City of Chicago, as a home rule unit, may exercise any power and perform any function pertaining to its government and affairs; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The Municipal Code of the City of Chicago is hereby amended by adding thereto a new Chapter 25.1 creating a Department of Personnel, performing the functions hitherto performed by the Civil Service Commission, as follows:

25.1-1. It is the general purpose of this ordinance, and it is necessary in the public interest, to establish a system of personnel administration that meets the social, economic, and program needs of the people of the City of Chicago, to provide for a professional and progressive merit system for employment and to insure flexible career service within the City of Chicago by substituting a public employment system superseding the Civil Service System now operating within the City of Chicago pursuant to the law of the State of Illinois.

25.1-2. There is hereby established an Executive Department of the City of Chicago which shall be known as the Department of Personnel. The Director of Personnel shall be the Chief Executive Officer of the Department of Personnel and shall be appointed by the Mayor with the advice and consent of the City Council and shall serve at the pleasure of the Mayor. The Director of Personnel shall be responsible for the general management and control of the Department of Personnel in a manner consistent with the ordinances of the City, the laws of the State, and the rules of the Department. The Director of Personnel shall have the power and duty to:

1) Encourage and exercise leadership in the development of effective personnel administration within the several departments in the government service, and to make available the facilities of the Department of Personnel to this end.

2) Advise the Mayor on utilization of employees.

3) Foster and develop programs for the improvement of employee effectiveness including but not limited to position classification, salary administration, recruitment, selection, promotion, performance ratings, probationary periods, training, safety and health.

4) Investigate from time to time the operation and effect of this ordinance and of the rules made thereunder and to report his findings and recommendations to the Mayor.

5) Establish and maintain records of all employees in the City service, in which there shall be set forth as to each employee the class title, pay and status, and other relevant data.

6) Make an annual report to the Mayor regarding the work of the Department.

7) Certify that persons named on every payroll have been appointed and employed in accordance with the provisions of this ordinance and the rules adopted thereunder. No city disbursing or auditing officer shall make or approve or take any part in making or approving any payment for personal service to any persons holding a position in the city service unless said payroll voucher or account of such pay bears the certification of the director or his authorized agent.

8) Apply and carry out this ordinance and the rules thereunder and to perform any other lawful acts which may be necessary or desirable to carry out the purposes and provisions of this ordinance.

25.1-3. The city career service shall include all positions in the city service except the following:

1. Elected officials.

2. Executive heads of city departments.

3. Members of boards and commissions whose appointment is subject to confirmation by the City Council.

4. *Employees of the Law Department.*
5. *Police officers above the rank of Captain and firefighters above the rank of Battalion Chief.*
6. *Employees whose work is seasonal and does not exceed 180 days in any calendar year.*

These additional exemptions must be based on the need for flexibility in appointment to positions which (a) involve the determination of policy, or (b) are required to insure the implementation of policy, or (c) are necessary in order to maintain confidentiality, or (d) are administratively necessary in order to effect a program including, but not limited to, such programs as student work experience programs, trainee programs, federal public service employment programs, and any other programs, which, because of the program requirements, cannot be subject to career service requirements.*

25.1-4. There is hereby created a Personnel Board consisting of the Director of Personnel and four additional members appointed by the Mayor by and with the advice and consent of the City Council, for a term of five years, or until their respective successors are appointed and qualified, except that of the initially appointed Board, two members shall be appointed for three years, and two members for five years. Upon the expiration of the term of any member of the Personnel Board other than the Director of Personnel, the Mayor by and with the advice and consent of the City Council, shall appoint each successor for a term of five years and each member shall serve until a successor is appointed and qualified. A vacancy shall be filled for the remainder of an unexpired term in the same manner as original appointments. The Personnel Board shall elect one of its members as Chairman. Each member of the Board shall hold office until his successor is appointed and confirmed. The Board will have the responsibility of providing advice and counsel to the Mayor and to the Director of Personnel on all aspects of public personnel administration including, but not limited to, manpower utilization, manpower training, employee grievances and employee salaries, in addition to other duties as provided by this Chapter.

25.1-5. The Director of Personnel shall issue personnel rules with the approval of the Personnel Board. Prior to the effective date of such rules, the Director of Personnel shall give public notice in one or more newspapers of general circulation, and in no case shall such publication be less than ten (10) days before the effective date of the proposed rule or amendment to the rule. Such public notice shall include information concerning where the rules can be reviewed and where comments may be directed. Nothing contained herein shall prohibit the Director of Personnel from giving any additional public notice that he may deem appropriate. The rules shall provide:

1) *For the preparation, maintenance and revision of a position classification plan for all positions in the career service, based upon similarity of duties performed and responsibilities assigned, so that the same qualifications may reasonably be required for and the same schedule of pay may equitably be applied to all positions in the same class.*

2) *For the annual submission of a pay plan to the Mayor.*

3) *For the recruitment and selection of persons in the city career service on the basis of their relative fitness.*

4) *For the establishment of eligible lists for appointment and promotion, upon which lists shall be placed the names of successful candidates in order of their relative excellence in the respective examinations. The Director may substitute rankings such as excellent, well-qualified and qualified for numerical ratings and establish eligible lists accordingly. Such rules may provide for lists by area or location, by department or other agency, for removal of those not available for or refusing employment, for minimum and maximum duration of such lists, and for such other provisions as may be necessary to provide rapid and satisfactory service to the operating agencies. The rules may authorize removal of eligibles from lists if those eligibles fail to furnish evidence of availability upon forms sent to them by the Director.*

5) *For the certification to an appointing authority of the names (a) of the five highest persons available on the appropriate eligible list to fill each vacancy, or (b) from the highest ranking group if the list is by rankings instead of numerical ratings.*

6) *For promotions which shall give appropriate considerations to the applicant's qualifications, record of performance and ability.*

7) *For probationary periods after original appointment not to exceed one year.*

8) *For emergency employment for not more than 90 days with the consent of the Director and for provisional employment when there is no appropriate eligible list available. No such provisional appointment shall continue longer than nine months, nor shall successive provisional appointments be allowed except during the first two years after the effective date of this ordinance.*

9) *For keeping records of performance of all employees in the career service, which performance records shall be considered in determining salary increments or increases for meritorious services; as a factor in promotions; as a factor in reinstatements; and as a factor in discharges and transfers.*

10) *For lay-offs by reason of lack of funds or work, or abolition of a position, or material change in duties or organization, and for reemployment of employees so laid off.*

11) For establishment of a plan for resolving employee grievances and complaints.

12) For the establishment of disciplinary measures such as suspension, demotion in rank or grade, or discharge. Such measures shall provide for presentation of charges, hearing rights, and appeals for all permanent employees in the career service, consistent with the requirements of due process in law.

13) For development and operation of programs to improve work effectiveness, including training, education, safety, health, welfare, counseling, recreation and employee relations.

14) For such other policies and administrative regulations, not inconsistent with this law as may be proper and necessary for its enforcement.

25.1-6. The Personnel Board, a member thereof, or a hearing officer appointed by the Board shall conduct a hearing of all charges brought against any career service employee by proper authority for purposes of discharge, demotion, or suspension for a period of more than thirty days. The Personnel Board shall provide by rule for review by the Board, a member thereof, or hearing officer of suspensions not exceeding thirty days. The Personnel Board, any of its members, or a hearing officer appointed by the Board may administer oaths and secure by subpoena both the evidence and witnesses for the production of relevant books and papers. All proceedings before the Board, a member thereof, or the hearing officer shall be recorded. The findings and decision of a member of the Board or hearing officer shall be certified to the Personnel Board, which may accept or reject the findings and decision or may require further hearing before the Board. After the Board accepts the findings and decision of its member or hearing officer, or after a hearing by the Personnel Board, it shall certify the findings and decision to the Director of Personnel who shall then notify the appropriate appointing authority and said appointing authority shall then enforce the findings and decision forthwith. Nothing in this section limits the power of the appointing authority to suspend a subordinate for a reasonable period not exceeding thirty days pursuant to the rules of the Department of Personnel.

25.1-7. No person shall discriminate against any employee or applicant for employment because of race, creed, color, sex or national origin.

25.1-8. A. No person shall directly or indirectly coerce, attempt to coerce or command any employee in the career service to pay, lend or contribute anything of value to a party, committee, organization, agency, or person for political purposes. No employee in the career service may use his or her official authority or influence in the career service for the purpose of affecting or interfering with the result of an election or nomination for a political office. Nothing herein contained shall affect the right of the employee to hold membership in, and support, a political party, to vote as he chooses, to express his opinions on all political subjects and candidates, to maintain political neutrality, and to attend political meetings.

B. No person shall make any false statement, certificate, mark, rating or report with regard to any test, certification or appointment made under any provision of this ordinance or in any manner commit or attempt to commit any fraud, prevent the impartial execution of this ordinance and any rules issued thereunder.

C. No person shall, directly or indirectly, give, render, pay, offer, solicit, or accept any money, service or other valuable consideration for any appointment, proposed appointment, promotion or proposed promotion to, or any advantage in a position in the career service.

D. No employee of the Department of Personnel, examiner, or other person shall defeat, deceive or obstruct any person in his right to examination, eligibility, certification or appointment under this ordinance, or furnish to any person any special or secret information for the purpose of affecting the rights of any person with respect to employment in the career service.

E. Any person who wilfully violates this section shall be fined not less than $100 nor more than $500 or be imprisoned for not more than six months, or both. Any person who is convicted of a violation of this section shall, for a period of five years, be ineligible for appointment to or employment in a position in the career service, and if he is an officer or employee of the city shall forfeit his office or position.

25.1-9. Employees holding positions in the career service herein for one year or more immediately prior to the adoption of this ordinance unless exempted pursuant to this chapter shall be continued in their respective positions without further examination, until separated from their positions as provided by ordinance or by rule. Those holding their positions less than one year immediately prior to the adoption of this ordinance shall serve a probationary period as prescribed by rule. Those who shall have failed to qualify as provided herein shall be dismissed from their position within 30 days after the establishment of an eligible list for their respective positions. Nothing herein shall preclude the reclassification or reallocation as provided by this chapter of any position held by such incumbent.

25.1-10. The Department of Personnel is authorized and empowered to enter into reciprocal agreements, upon such terms as may be agreed upon, for the use of equipment, materials, facilities, and services with any public agency or body for purposes deemed of benefit to the career service. The Department of Personnel may cooperate with other governmental agencies charged with public personnel administration in conducting personnel tests, classification of positions, recruiting personnel and training personnel.

25.1-11. The words "Department of Personnel" and "career service" shall be substituted wherever the words "Civil Service Commission" and "Civil Service" appear in this code.

25.1-12. All rules and regulations of the Civil Service Commission not contrary to or inconsistent with the terms of this ordinance shall remain in force until they expire by their own limitation or are altered or amended or repealed pursuant to this ordinance.

25.1-13. This ordinance shall not apply nor have any effect upon the Police Board, its manner of selection, composition, or its powers and duties as set forth in Section 11-2 and Section 11-3 of this Code and Section 3-7-3.1, Section 10-1-18.1, and Section 10-1-45 of the Illinois Municipal Code. Nor *shall this ordinance have any effect upon the selection, powers and duties of the Superintendent of Police as set forth in the Municipal Code of the City of Chicago and Section 3-7-3.2 of the Illinois Municipal Code.*

25.1-14. The Mayor may, in his discretion, remove any member of the Personnel Board for incompetence, neglect of duty or malfeasance in office. The Mayor shall forthwith notify the City Council in writing of any such removal. Any vacancy created by such removal by the Mayor shall be filled by the Mayor pursuant to the provisions of Section 25.1-4.

25.1-15. If any provision, clause, sentence, paragraph, section or part of this ordinance shall, for any reason, be adjudged by a court of competent jurisdiction to be unconstitutional or invalid, said judgment shall not affect, impair or invalidate the remainder of this ordinance. It is hereby declared to be the legislative intent of the City Council that this ordinance would have been adopted had such unconstitutional or invalid provision, clause, sentence, paragraph, section or part thereof not been included.

The grantee and the surety, to the extent of its bond, upon receiving written notification from the Commissioner of Streets and Sanitation of the cost shall pay said amount. The decision of the Commissioner of Streets and Sanitation shall be final and binding.
